WHEREAS it has been deemed advisable to pass a general by-law for the preservation of the public health, and to regulate and govern scavengers in the City of Vernon:

Now, therefore, the Mayor and Aldermen of the City of Vernon, in Council assembled, enact as follows:

1. This by-law shall be designated the "Public Health By-law of the City of Vernon."

2. From and after the passage of this by-law the Board of Health shall have a general supervision over all matters, things and offices within the City, and in any way appertaining to the public health.

8. If any teacher resides or lodges in any house where infectious diseases exist, and of which he or she is cognizant, then such teacher shall at once inform the School Board under which he or she acts, and he or she shall not again enter his or her school, or other public place, until the danger of carrying such infection is over, duly certified by a physician or the Medical Health Officer.

kept so as to be dangerous or injurious as aforesaid, it shall be the duty of such Health Inspector to enter such building or premises for the purpose of examining same, and if necessary he shall order the removal of such matter or thing as aforesaid.

12. Whenever any animal or animals shall die within the limits of the City the owner or person in possession of it shall within twelve hours thereafter cause the carcass to be removed outside the City limits and buried or cremated.

13. All privies with vaults or juts, any part of the contents of which are above the surface of the earth, and all other privies that are foul, emitting smells and odors that are injurious to the public health, are hereby declared nuisances, and the Health Inspector shall have power to abate the same.

14. Whenever any nuisance shall be found on any premises within the City contrary to this by-law, the Health Inspector is hereby authorized, in his discretion, to cause the same to be summarily abated in such manner as he may direct.

The cleaning, emptying and removing of the contents of privy-vaults shall be done in an inoffensive manner, and any scavenger having begun any such scavenger work shall without any interruption or delay finish the same, and shall in every instance leave the privy-vault in as good condition on the outside as when the work was undertaken.

22. The Health Inspector shall have the power to enter upon, between sunrise and sunset, and examine any vault, privy or private drain.

23. The contents of any privy-vault so removed by any scavenger shall be conveyed in air-tight tanks or vessels, and shall be disposed of in such a manner, under the directions of the Health Inspector, as to cause no offence; said tanks or vessels shall be kept clean and inoffensive when not in actual use.

24. When requested the scavenger shall clean or empty any privy-vault and remove any or all nuisances.

25. 3. The Municipal Council shall from time to time appoint a member of the medical profession to be Medical Health Officer, at such salary or remuneration as the Council may think fit to provide, whose duties may be defined by by-law, or by resolution of the Council from time to time, or by instructions from the Mayor.

4. The Medical Health Officer shall—

(a.) Advise and assist the Mayor and the Aldermen and the officers of the Corporation on all matters relating to the public health, and report thereon from time to time.

(f.) Make a general report to the Council, on or before the fifteenth day of December in each year, upon the sanitary condition of the city.

5. The Council may from time to time appoint a Sanitary Inspector or Inspectors, at such salary or remuneration as the Council may decide.

7. In the event of a Medical Health Officer not being appointed, it shall be lawful for the Mayor upon being informed that any family or person is in sickness or destitute, to require some member of the medical profession to visit such person or family, and to take such measures for their relief as to him may seem requisite, either by reporting them as fit subjects to be removed to a hospital or other place provided for that purpose, or by supplying them, or directing them to be supplied, with the requisite medicine for their relief, and a regular and correct account of each case, and of any such expenditure, shall be kept by him, and a return of the same shall be made to the Mayor by the Sanitary Inspector.

8. In case of the sickness or absence of the Medical Health Officer it shall be lawful for the Mayor to appoint some member of the medical profession to perform all or any of his duties during such sickness or absence; and the Mayor may at all times call in and avail himself of medical or scientific advice or assistance in cases in which he may deem it indispensable to seek such advice and assistance for carrying into effect the sanitary conditions and intentions of this by-law, and an account or report of all expenditure incurred in obtaining such advice or assistance shall from time to time be made to the Council.

9. The Council may provide permanent or temporary hospitals, tents, or other place or places of reception for the sick and infected as they shall judge best for their accommodation and the safety of the inhabitants of the city. On the occurrence of any case of small-pox, cholera or other disease of an infectious, contagious or malignant character the Medical Health Officer may at once remove the person attacked to the hospital, tent or other place provided, or shall cause such person to be otherwise efficiently isolated, and shall take proper measures for the disinfection, or, if necessary, the destruction of all clothing which may have been exposed to contagion, and for the disinfection and purification of every conveyance, rail, or tramcar, steamboat, sailing vessel, carriage, or other vehicle which may have been exposed to contagion.

10. The Medical Health Officer may further isolate or remove all persons who may have been exposed to the contagion, and no such person shall go, or be permitted to go, abroad until the Medical Health Officer permits, nor until the clothing or effects worn or carried by him have been properly disinfected, if the same have been exposed to contagion.

11. Whenever a disease of a malignant character is discovered to exist in any premises, the Medical Health Officer may compel the occupants of such premises to remove therefrom, and may place them in sheds, tents, or other shelter in some other locality, until measures can be taken for the cleaning and disinfection of such premises.

12. In case any traveller coming from without the city, or any person residing in the city, is infected with or exposed to any of the diseases mentioned in this by-law, the Medical Health Officer may make effective provision in the manner which to him shall seem best for the public safety by removing such persons to a separate house, if he considers the premises to be in a too closely populated portion of the city, or by otherwise isolating him, if it can be done without danger to his health, and by providing nurses and other assistance and necessities for him, at his own cost or charges, or the cost of his parents or other person or persons liable for his support.

13. Whenever an infected person shall be isolated in a house or any other place whatsoever, the Medical Health Officer may appoint and employ a proper person or persons, to keep constant watch over the house or place where such infected person shall be kept, and not to permit ingress or egress to or from such house or place, except to a duly qualified medical man attendant upon such infected person, or other person by the permission of the Medical Health Officer, and any

person accepting the duty of watchman, who shall depart from his duty as watchman, or shall neglect his duty, or who shall permit of ingress or egress to or from the infected premises, or any communication therewith contrary to this rule, or who shall disobey, or fail to observe any direction of the Medical Health Officer relative to the duties of such watchman, shall be liable to a penalty of fifty dollars, to be recovered upon summary conviction, or in default of payment be liable to three months imprisonment with or without hard labour.

14. Any person who shall, contrary to the preceding section, depart from or enter any such house or place, as is mentioned in this by-law, wherein there shall be any person infected with small-pox, or who shall carry or remove, or permit to be carried or removed, any article or thing from such house or place, shall be subject, on summary conviction, to a penalty of one hundred dollars, or to three months' imprisonment, with or without hard labour.

15. If the Medical Health Officer or Sanitary Inspector believes that any person is infected, or has been exposed to infection, or that his or her clothing or other effects contain infection, either of them may detain such person and his or her clothing and effects aforesaid, and such person and the clothing and other effects shall be at once disinfected.

16. If the Medical Health Officer only suspects that any person or the effects of any person have been exposed to infection he may keep such person under observation.

17. Whenever a person suffering from small-pox, cholera, or any other disease of a malignant character dangerous to the public health, is an inmate of any hotel or boarding-house, the keeper or one of the keepers of such hotel or boarding-house shall immediately give notice thereof to the Medical Health Officer or the Sanitary Inspector, who shall thereupon take such steps as may be deemed necessary to prevent the spread of such disease.

18. Every person in charge of a public or private hospital, and every keeper of a boarding or lodging-house, or hotel, shall immediately report in writing to the Medical Health Officer, of any person being at any of the aforesaid houses or hotels and attacked with or suspected of having any contagious or infectious disease mentioned in this by-law.

19. No child, minor, or person from any house where any person or persons is or are sick or affected with any of the diseases named as provided for in this by-law, shall attend any public or private school in the city, until the recovery or death of said sick person or persons, and in either event the said child, minor or person, shall be provided with a written statement by the attending physician, if any, and if not, then by the Medical Health Officer, certifying to their being free from contagion or infection, which statement must be presented to the principal or teacher of said public or private school before said child, minor or person, will be allowed to attend.

20. It shall be the duty of any principal or teacher of any public or private school in this city to report at once to the Medical Health Officer, in writing, any violation of the above section.

21. If any teacher resides or lodges in any house where infectious or contagious disease exists, such teacher shall at once inform the Board of School Trustees under which he or she acts, and he or she shall not again enter his or her school, or other public place, until all danger of carrying infection or contagion is over, duly certified by a physician or the Medical Health Officer.

22. The Medical Health Officer is hereby empowered to visit any and all public and private schools in the city, and to make or cause to be made, an examination of the children and minors in attendance therein as often as he may deem necessary to secure compliance with the provisions hereof.

23. Every school teacher shall attend to and observe such suggestions and instructions as may be given by the Medical Health Officer in regard to ventilation and cleanliness in the school under his or her charge.

24. Every medical practitioner attending or visiting any person who is suffering from small-pox, cholera, or any other disease of a malignant character dangerous to the public health, shall immediately give notice thereof to the Medical Health Officer or the Sanitary Inspector, who shall thereupon take such steps as may be deemed necessary to prevent the spread of such disease.

25. Every practising physician in the city shall report, in writing, to the Medical Health Officer, the death of any of his patients who shall have died of

contagious or infectious diseases mentioned in this by-law immediately thereafter, and to state in such report the specific name and type of such disease.

26. Every physician in attendance upon any person or persons sick or affected with any disease named and provided for in this by-law, shall give all necessary instructions regarding the thorough ventilation and cleansing of the public house, hotel, or private residence, wherein such person shall be sick, and the keeper of such public house or hotel, or the owner or occupant of such private residence, shall follow the instructions of the physician in attendance, as aforesaid.

27. No person shall let or hire, or allow any other person to occupy any house, or part of a house, in which there has been any person sick or affected with any disease named and provided for in this by-law, without having first had the said house, or part of a house, thoroughly disinfected, together with any article or articles therein contained, and under the direction and to the satisfaction of the Medical Health Officer, that the said house, or part of a house, can be safely occupied by others, or that such article or articles can be safely handled or used.

28. The Medical Health Officer shall have charge of the quarantine or infectious disease hospital provided by the Corporation, and shall have power, when authorized by the Mayor, to detail such number of officers, and to employ such persons' assistance and nurses as he may deem necessary, and to see that the said hospitals are supplied with suitable furniture, nourishment, fuel, and medicines, and that persons dying therein, or in other place under the charge of the city, are properly buried, and if necessary at the expense of the city.

29. The Medical Health Officer shall have power to destroy or disinfect, as in his judgment may be deemed proper, any furniture, wearing apparel, goods, wares, or merchandise which shall be exposed to or infected with a contagious or infectious disease, and the owner of such property shall not be entitled to any compensation therefor.

30. The Medical Health Officer shall cause to be affixed and maintained, or shall require the occupants of any dwelling-house, store, shop, or other building in which there shall be any person sick with small-pox, varioloid or other infectious, contagious, or malignant disease to put up and maintain in a conspicuous place on the front of said dwelling-house, store, shop, or building a card or sign, to be furnished by the Board of Health, on which shall be written or printed in large letters the word "small-pox," or name of such disease, and the Medical Health Officer may, if he considers the premises to be in a too closely populated portion of the city, or that the premises occupied by the patient are unsanitary and unsuitable for proper attendance or care, or for the prevention of the spread of the disease, and that the health or life of the patient will not be endangered by removal, order the removal of the patient to the quarantine or infectious diseases hospital, or such place as may be provided by the city for that purpose.

31. In the event of the patient being treated at the premises in which he or she was taken ill, and is not removed by the order of the Medical Health Officer for the city to the quarantine or infectious disease hospital, or such place as may be provided by the city for that purpose, all expenses connected with the treatment of the patient, and isolation of the premises and of the occupants, shall be borne and paid by the patient and the occupants, or his or their guardians, or the person or persons liable for his or their support.

32. When any vessel coming from an infected locality enters the port of Victoria, the Medical Health Officer shall make, or cause to be made, a strict inspection of the vessel and examination of the passengers, officers, and crew before any person, luggage, or freight or other thing is landed, or allowed to be landed, from it, and where any infected or exposed person is found on board he shall be dealt with in such manner as the Medical Health Officer for the city shall direct, and no luggage, freight or other thing shall be landed from the vessel until they shall have been thoroughly disinfected.

33. The Medical Health Officer or the Sanitary Inspector may board all trains and vessels arriving within the limits of the city; may take, in respect of any person's baggage, freight, or effects arriving by any train or vessel, any sanitary precautions which in the opinion of such Medical Health Officer or Inspector are necessary or expedient for guarding against the introduction of disease into the city.

34. The Medical Health Officer or the Sanitary Inspector may attend at the railway station or steam-

boat wharf at any time prior to the arrival or departure of a boat or train.

35. The Medical Health Officer shall have power to stop, detain, and examine every person or persons, freight, cargoes, boats, railway and tramway cars coming from a place infected with a malignant, pestilential, or infectious disease in order to prevent the introduction of the same into the city.

36. Where there is reason to suspect that any person who has small-pox, diphtheria, scarlet fever, cholera or typhoid fever, leprosy or any infectious, contagious or malignant disease is in or upon any railway or tramcar, steamboat, stage, or any other conveyance, the Medical Health Officer or Sanitary Inspector of the Municipality, or if there is no such officer, any member of the Board of Health, may enter such conveyance and cause any such person to be removed therefrom, and may detain the conveyance until it is properly disinfected, or such officer or member may if he thinks fit remain on or in or re-enter, and may remain on or in the said conveyance with any assistants he may require for the purpose of disinfecting the same.

37. No person, persons or body corporate shall bring into this city from any vessel, building, place, or railway car in which had lately been any person sick of any contagious or infectious disease mentioned in this by-law, or any article or person whatsoever, nor shall any such person come into said city without permission in writing of the Medical Health Officer. Neither shall any person, persons, or body corporate bring into the city any vessel, or railway, or tramcar, or conveyance in which there has been lately any person infected with, who has died from, any contagious or infectious disease mentioned in this by-law, without the written consent of the Medical Health Officer or the Sanitary Inspector.

38. No owner, driver, or person in charge of any cab, omnibus, railway, street railway or tramway, carriage, or of any other public or private conveyance shall use, or permit the same to be used, for the conveyance of any person sick or affected with any of the diseases named or provided for in this by-law, nor for the conveyance of the body for burial, or otherwise, of any person who has died from any of said diseases without the permission of the Medical Health Officer, and every undertaker or other person who with a hearse or other vehicle removes or conveys therein for burial or otherwise the corpse of any person who has died of any of such contagious or infectious disease, is hereby required to have such cab, omnibus, street railway, or tramway carriage, or any such public or private conveyance, or hearse, or other vehicle thoroughly disinfected.

39. No person shall give, lend, transmit, sell or expose any bedding, clothing, or other article likely to convey any contagious or infectious disease without having first taken such precautions as may be directed by the Medical Health Officer for removing all danger of communicating such disease to others.

40. No person or persons who have been affected with any of the diseases named and provided for in this by-law, who have been quarantined or isolated in any place established under the provisions of the "Municipal Act, 1892," the "Municipal Act Amendment Act, 1893," or this by-law, shall be allowed to leave such quarantine or infectious diseases hospital without permission in writing of the Medical Health Officer.

41. No person having the small-pox, varioloid or other contagious disease, shall go about the city, or in any yard, common or place so as to endanger the health of others.

42. Whenever it shall appear to the Mayor, the Medical Health Officer or the Sanitary Inspector that it is necessary for the preservation of the public health, or for the abatement of any nuisance or of anything dangerous to the public health, or whenever the Mayor shall receive a notice signed by two or more ratepayers of the city stating the condition of any building in the city to be so filthy as to be a nuisance, or dangerous or injurious to the public health, or that upon any premises in the city there is any foul or offensive ditch, gutter, drain, privy, cesspool, ash-pit, or cellar, kept or constructed so as to be a nuisance or dangerous to the public health, or that upon any such premises an accumulation of dung, manure, offal, filth, refuse, stagnant water, or other matter or thing is kept or permitted to remain so as to be a nuisance or dangerous or injurious as aforesaid; it shall be the duty of the Sanitary Inspector (or any officer of the Corporation) and he is hereby authorized to enter such building or premises for the purpose of examining the same and if necessary to order the removal of any

such matter or thing as aforesaid; and every owner, lessee or occupier of or person using said premises, or the agent or representative having charge or control of such building or premises shall, within twenty-four hours after receiving a notice to remove or abate any such matter or thing as aforesaid, remove or abate the same accordingly. In case he shall neglect or refuse to remove or abate the same accordingly, it shall be lawful for the Sanitary Inspector or any officer of the Corporation to cause such matter or thing to be removed or abated, and the costs and expenses thereof shall be forfeited and paid by the person in default, and may be recovered from the person or persons so neglecting or refusing, and he shall be also subject to the penalties imposed by this by-law.

43. The Medical Health Officer or the Sanitary Inspector shall have power to abate or cause to be abated summarily, and by force if necessary, any nuisance likely to be injurious to the public health, and may cause the persons or corporation responsible for the nuisance to be prosecuted, and they may also cause the nuisance to be abated or removed at the expense of the person or corporation so offending.

44. The Sanitary Inspector or the Medical Health Officer shall examine into all nuisances, sources of filth, and causes of sickness, in the city or in any vessel within the limits of the City of Victoria, that may in his or their opinion be injurious to the health of the inhabitants, and shall cause the same to be destroyed, removed or prevented, as the case may require, and shall further enquire respecting articles that are capable of containing or conveying infection or contagion brought or conveyed into the city by or through any vehicle, or vessel, by any means whatsoever.

45. If the Medical Health Officer or Sanitary Inspector is satisfied upon due examination that a cellar, room, tenement or building within the municipality, occupied as a dwelling place, has become by reason of the number of occupants, want of cleanliness, the existence therein of a contagious or infectious disease, or other cause, unfit for such purpose, or that it has become a nuisance, or in any way dangerous to health of its occupants or of the public, he may issue a notice to such occupants, or any of them, requiring the said premises to be put in proper sanitary condition, or if he sees fit requiring the occupants to quit the premises within such time as he may deem reasonable. If the person so notified, or any of them, neglect or refuse to comply with the terms of the notice, every person so offending shall be liable to the penalties of this by-law. The Medical Health Officer may cause the premises to be properly cleaned at the expense of the owners or occupants, or may remove the occupants and close up the premises, and the same shall not be occupied until put into proper sanitary condition, or the Board of Health, if it sees fit, may cause such premises to be destroyed.

46. No owner, tenant or occupant of land, or any person or body corporate within the city limits, shall suffer the accumulation upon his or their premises, or deposit, or permit to be deposited, upon any lot belonging to or occupied by him, of anything which may endanger the public health or deposit upon or into any street, square, lane, highway, wharf, dock, slip, pond, bank, stream, sewer, or water or waters of Victoria Harbour or the Arm, any dead animal, fish, dirt, rubbish, excrement, dung, manure, offal or other refuse, or vegetable or animal matter, or other filth or offensive thing.

47. If any person shall own, occupy or keep any lot or ground, building, stable or other premises in such a bad and filthy condition as to be offensive and a nuisance to the neighbourhood, or to any person or family, such person shall be subject to the penalties provided for an infraction of this by-law.

48. The keeper of every livery or other stable shall keep his stable and stable yard clean, and shall not permit more than two waggon loads of manure to accumulate in or near the same at any one time.

49. No person shall suffer the accumulation upon his premises, or deposit or permit the deposit upon any land belonging to him or under his control, of anything so as to endanger the public health, or shall deposit or suffer or permit to be deposited, throw into, or leave in or upon any street, court, square, road, lane, alley, wharf, public enclosure, vacant lot, pond, or body of water, any dead animal, dirt, sawdust, soot, ashes, cinders, shavings, hair, shreds, manure, fish, shells, waste water or filth of any kind, or any refuse, animal or vegetable matter whatever.

50. All house or store offal, whether consisting of animal or vegetable substance, shall be placed in suitable vessels, and no ashes or other refuse matter shall

be mingled therewith, and the same shall be kept in some convenient place to be taken away by the scavengers.

51. No distiller, tanner, brewer, soap-boiler, tallow-chandler, butcher, meat-packer, fish-canner, oil manufacturer, dyer, livery-stable keeper, wash-house keeper, slaughter-house keeper or other person shall discharge out of, or permit to flow from, their still-house, tannery, brewery, oil manufactory, shop, slaughter-house, packing-house, stable, or any other place, any foul or other nauseous liquors, slops, or other substances whatever into any private ground, street, lane or public ground, or fresh water stream, pond or lake within said city.

52. No soap-boiler, tallow-chandler, butcher, candle or oil manufacturer, or fish-canner, shall keep or use any stale, putrid or stinking fat, grease, fish or meat, so as to be a nuisance to the public.

53. No owner or occupant of any grocery, cellar, tallow-chandler's shop, soap factory, slaughter-house, tannery, brewery, distillery, pork and beef packing-house, fish cannery, fertilizer or oil manufactory, stable or barn, laundry or wash-house, shall suffer the same to become foul, nauseous or offensive.

54. No slaughter house, lot, buildings or premises for the purpose of killing therein, shall be erected, maintained, opened, used or kept within the limits of the City of Victoria.

55. All privies that are foul, emitting smells and odors, are hereby declared nuisances, and the Sanitary Inspector shall have power to abate the same and order the same to be filled up or closed, and if the owner or occupier of the premises on which the same may be situate, fail to do so on receiving notice, he or they shall be subject to the penalties provided for in this by-law, and the Sanitary Inspector shall cause the said privies, vaults or juts to be filled up.

56. All vaults and privies shall be made tight, so that the contents thereof cannot escape therefrom, and as remote from any dwelling, well, or water tank as practicable.

57. No person shall permit or suffer the accumulation, so as to be a nuisance, of any offal, filth, refuse, stagnant water, or other offensive matter or thing upon his premises, or on any vacant lot belonging to him, or for the owner or lessee of which he is the agent.

58. No person shall place on any land, or in or upon any street, road, or highway, any night soil, manure or other refuse matter, or any other dirt or filth which is, or is likely to become, a nuisance.

59.
